

## THE GAZETTE.

TUESDAY EVENING, SEPTEMBER 16.

A SENSATION IN SOAP BUBBLES—Soap bubbles may be airy nothings, but they are chock full of beauty and pleasure nevertheless. When the small boy gets out his mother's tin wash basin and his father's clay pipe and starts into business with a soap can of soap and a gill of water the rainbow takes a back seat. When the boy succeeds in making a big bubble with a little one plastered alongside he is a bigger man than "he who taketh a city." The small boy's delight will be unmeasured when he knows that he can now not only make one bubble, but fifty if he so elect, and with the same little trouble that he had in blowing one soapy little sphere. The "Wonder Bubble-Blower" is a new toy, and a unique one at that. A little puff and out comes a bubble the size of your head, changing colors like the chameleon, though with an added multitude of hues. Another puff and inside the first bubble dances another, turning quickly on its axis and moving in an orbit whose confine are the sides of the bigger sphere. Give the soap a chance at it and the rays of the precious stones are more than duplicated. Then you can make two bubbles joined like the Siamese brothers, and, quickly following, you get a whole soapy shining-faced family of bubbles. The toy is shaped like a horn, and a horn of plenty pleasure it is, fairly bubbling over with fun for young and old.—Chicago Tribune.

Lead Poison Cured.

I am a painter by trade. Three years ago I had a bad case of Lead Poison, caused by using paint. I was cured in a short time by S. S. S. The medicine drove the poison out through the pores of the skin. My system was so saturated with poison that my underclothes were colored by the paint being worked out by the medicine through the pores of my skin. I was cured entirely by S. S. S., and have had no return since. C. PARK LEAK, Waynesville, Ohio.
